**DRIVEWAY PAINTING  
"NO PARKING"**

The Parking Enforcement Division typically paints driveways between the months of April and October because during these months weather conditions are optimal for this type of work.

If you want your driveway painted for the first time, by the Parking Enforcement Division, you need to obtain a letter from the City's Zoning Department verifying that you have a legal driveway. There is a fee associated with this. Once you receive the letter from Zoning you contact our offices at 201-547-5538 to schedule your driveway to be painted. We require a copy of the letter and charge a fee of \$30 for Residential properties and \$50 for Commercial properties.

If the Parking Enforcement Division painted your driveway in the past and you want us to repaint it you do not need another letter from the Zoning Department; we maintain a log of the driveways we've painted within the last few years. Re-painting fees are the same \$30 for Residential properties and \$50 for Commercial properties.

The office that processes requests is open Monday, Wednesday and Friday between the hours of 7AM and 3PM. If you choose to mail your information, someone will contact you upon receipt to review and schedule the painting of your driveway.
