Executive Summary

The Five-Year Consolidated Plan process was started by HUD in 1995 to provide a comprehensive approach for the use of HUD Entitlement funds. The City developed its newest Five Year Plan for the years 2015 to 2019. The Annual Plan prepared by the City of Jersey City for 2015 entitlement funds established priorities for the use of Community Development Block Grant (CDBG), Home Investment Partnerships Program (HOME), Housing Opportunities for Persons With AIDS (HOPWA) and Emergency Solutions Grant (ESG) funds. Each year, the City, through its Division of Community Development, reviews the goals established in the Five Year Plan and establishes priorities for the next year. Following is a review of the five year goals, the one year priorities and the accomplishments of the four entitlement funding programs.

This annual report is the first for the 2015-2019 five year period. It should be noted that community development is an ongoing process and the review of activities for a specific time period only indicates a snap shot of the success of the individual activities. This provides results that cannot be measured by numbers. The assessment for the five year goals will address the items required in the narrative for the overall review as well as other actions required by the Consolidated Plan.

Summary of Resources and Distribution of Funds

The City received funding for the four programs in FY 2015 as follows:

CDBG	\$5,495,291
HOME	\$1,284,311
HOPWA	\$2,557,844
ESG	\$ 473,063
TOTAL	\$9,809,509

The City received \$173,943.42 in program income for the CDBG program and \$73,796.65 for the HOME Program.

In addition to the HUD funding, other resources, such as private and non-Federal public sources were made available to address the identified community needs. Such funding included the Community Services Block Grant (CSBG), the Department of Energy, Public Housing and Section 8 grants, Low Income Housing Tax Credits, State funding for housing including the Special Needs Trust Fund and CHOICE and the Jersey City Affordable Housing Trust Fund.

The federal funds were allocated to meet the planned goals as follows:

Sort Order	Goal Name	Funding	Goal Outcome Indicator
1	Preserve and expand affordable housing	CDBG: \$792,000 HOME: \$1,155,880	Rental units constructed: 30 Household Housing Unit Rental units rehabilitated: 4 Household Housing Unit Homeowner Housing Added: 14 Household Housing Unit Homeowner Housing Rehabilitated: 26 Household Housing Unit
2	Housing/services for persons who are homeless	ESG: \$472,063	Public service activities other than Low/Moderate Income Housing Benefit: 1324 Persons Assisted
3	Provide public services	CDBG: \$773,027	Public service activities other than Low/Moderate Income Housing Benefit: 13455 Persons Assisted
4	Improve public facilities and infrastructure	CDBG: \$2,157,783	Public Facility or Infrastructure Activities other than Low/Moderate Income Housing Benefit: 4687 Persons Assisted
5	Housing and services for persons with HIV/AIDS	HOPWA: \$248,109	Public service activities for Low/Moderate Income Housing Benefit: 519 Households Assisted
6	Economic Development	CDBG: \$400,000	Public service activities other than Low/Moderate Income Housing Benefit: 197 Persons Assisted
7	Planning and administration	CDBG: \$1,030,703 HOPWA: \$76,735 HOME: \$128,431	Other: 1 Other

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

During 2015, several HOME projects were completed but are not in the IDIS reports due to timing of reporting. If projects are not completed during the program year, they do not get reported in PR 23. However, 13 homeowner units were sold during the year in three projects providing 26 units of new affordable housing even though only 1 unit shows up in IDIS. There were also 15 rental units reported as completed.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

The table below illustrates the City's accomplishments for FY 2015.

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

CDBG funds as well as HOME, ESG and HOPWA funds address high priority needs by supporting programs and activities that address the goals of the Five Year Plan, especially meeting affordable housing needs, ending homelessness and improving the quality of life for City’s low- and moderate-income residents through improved services and facilities.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted). 91.520(a)

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Citywide	100	100	See below.

Narrative

Program funds were primarily spent in the areas of the City that are more than 51% low mod income. The City also spent funds in non-impacted areas of Jersey City while continuing to benefit low and moderate income persons. For example, public services, housing rehabilitation and affordable housing construction activities were targeted to low-moderate income individuals and families across the City.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The City continues the use of CDBG and HOME funds to secure millions of dollars in non-federal funds.

HOME: The City had a match waiver for FY 2013 and 2014 due to Hurricane Sandy and a 50% waiver for FY 2015. However, individual projects are highly leveraged with funding provided by the development entity for each project. New Affordable Housing Trust Funds (AHTF) projects have rental affordability periods and rent structures to enable the funding for these projects to count toward HOME match. Two projects drew down AHTF funds in 2015 to provide match.

ESG: Matching dollars were contributed by the following sources for FY2014:

- Catholic Charities of Archdiocese of Newark (St. Lucy's Shelter): Sources include non-ESG funding from HUD, Other federal funding, State funding and local funding.
- Catholic Charities of Archdiocese of Newark (Hope House): Sources include private and local funding.
- Garden State Episcopal Community Development Corporation (Homeless Prevention and Rapid Re-housing). Sources include non-ESG funding from HUD, Other federal funding, State funding and local funding.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

Table 11 – Number of Households

	One-Year Goal	Actual

Number of households supported through the production of new units	44	0
Number of households supported through the rehab of existing units	30	14
Number of households supported through the acquisition of existing units	0	14
Total	202	193

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The goals for housing were overstated. The goals for housing and goals for non-housing objectives were co-mingled. Public services that serve the homeless do not necessarily provide housing. The actual performance is limited to the Rapid Rehousing accomplishments for the year. The COC did not provide new permanent housing.

Affordable housing for non-homeless households included goals for rehabilitation of housing units that did not get started on schedule in FY 2015. The HORP program and Rebuilding Together rehabilitation programs plus HOME and Affordable Housing Trust Fund housing that was completed in FY 2015 are reflected in actual accomplishments. The City was not able to fully staff the HORP (housing rehabilitation) activity in FY 2015. This program is expected to start to generate results in FY 2016.

Special needs housing includes Group Homes that received HOME assistance with rehabilitation as well as the housing units where occupants received STRU support provided through HOPWA. There were independent living elderly units also completed but as these are not supportive housing, they are not included in the special needs housing accomplishments.

Discuss how these outcomes will impact future annual action plans.

The Annual Action Plan goals will be limited to those activities that generate housing units.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Low-income	0	6
Moderate-income	0	1
Total	0	26

Note: Based on PR 23 – does not reflect units completed but not reported in IDIS until FY 2016

Narrative Information

The PR-23 for HOME accomplishments does not reflect the extent of performance in FY 2015. Although several projects were completed in FY 2015, the beneficiaries were entered in early FY 2016, thus resulting in an undercount of performance. IDIS only reports that there were 25 rental units and one homebuyer unit completed in IDIS for 2015. There really were 14 homebuyer units with rental units, 10 rental units and 2 special needs projects completed.

One Affordable Housing Trust Funds project was completed in 2016 - Ocean Green Senior Apartments with 64 affordable housing units.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

To help strengthen and improve its outreach efforts to the chronically homeless, the CoC works with the Medical and Social Services for the Homeless (MASSH). MASSH has had great success in connecting the homeless with services and housing. The Jersey City government established a Resident Response Center to respond and refer residents to all supportive services in the county. The Garden State Episcopal CDC program CASA manages the County's Single Point of Contact entry way into the homeless continuum of care.

Addressing the emergency shelter and transitional housing needs of homeless persons

A plethora of organizations have been, and continue to be, instrumental forces in providing primary outreach, emergency shelter services, housing services, and emergency food through their network of soup kitchens, food pantries, and meals on wheels programs; and they provide the necessary services for homeless individuals and families progressing through the Continuum of Care system. The collaboration between Hudson County and Jersey City for the Continuum of Care process and planning to oversee the implementation of the plan to end homelessness will continue to assist Hudson County in better addressing the needs of the homeless.

The Hudson County Comprehensive Emergency Assistance System (CEAS) Committee and the HCAEH work closely together to address the issue of homelessness and the chronically homeless. The organizations mentioned above are part of both planning processes, providing input, and researching methods on how to improve housing and supportive service to the homeless in Hudson County.

Jersey City's entitlement grant funds, especially Emergency Shelter Grants, are used each year to fund homeless shelters and supportive services provided by the following local agencies: Medical and Social Services for the Homeless, St. Lucy's Shelter, and Hope House.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The Continuum of Care has established a coordinated assessment system. The system provides people who are literally homeless, or at imminent risk, with streamlined access to services designed to help them achieve and maintain housing stability. Having this system in

place reduces referrals to supported or subsidized housing programs so that they are reserved for those most in need. Garden State Episcopal Community Development Corporation (GSECDC) has been selected as this coordinated assessment agency for Hudson County.

The coordinated entry and assessment program is run through GSECDC's CASA program. Previously serving as a drop in center and case management program, CASA has restructured to focus on intake and assessment. Though implementation will be phased in due to limited funding, CASA will ultimately be responsible for performing a detailed assessment on all homeless individuals and families in Hudson County utilizing a standardized assessment tool. In the interim, until all required funding is identified, CASA staff will train intake staff at specified agencies to administer the assessment tool and refer appropriately.

There are many social service agencies in Jersey City and throughout Hudson County that provide benefits to very low and low income individuals and families in order to prevent homelessness. These organizations also serve the needs of those who have already become homeless. Jersey City's government also provides an extensive network and referrals to other government agencies and/or social services when needed. These agencies include:

- Catholic Community Services Archdiocese of Newark
- Garden State Episcopal Community Development Corporation
- United Way of Hudson County
- Palisades Emergency Residence Corporation
- North Hudson Community Action Corporation

These organizations provide many services to homeless or at-risk public housing residents and other at-risk populations including but not limited to: counseling, case management, life skills training, financial literacy classes, and victim advocacy. These services help residents develop skills and knowledge to transition into permanent supportive housing or independent living and to gain steady employment.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Through participation in the CoC, homeless persons and households receive supportive services through local partners which include job training, health services, legal services, and housing and support services.

The CoC utilizes an evaluation tool to better understand the performance indicators of each provider. Shortening the length of time in homelessness, reducing involuntary program separation, maintaining housing after receiving services are measured to assess how well each program is reaching the shared goal of ending homelessness.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The JCHA redevelopment of Montgomery Gardens moved closer to reality with an anticipated start date in July 2016. The City has contributed Affordable Housing Trust Funds to this project.

the JCHA continues to explore the option of applying for RAD for each of its developments in connection with its current Physical Needs Assessment update. RAD provides a Section 8 project-based subsidy for each unit rather than rely on the under-funded Public Housing Modernization grants. The City has not contributed to rehabilitation of the public housing units.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

Jersey City continues to work with the Jersey City Housing Authority on public housing and resident initiatives. The City is collaborating with the JCHA to provide homeownership opportunities to eligible housing authority tenants and/or Section 8 voucher recipients. We have worked with the Housing Authority on all of the Hope VI projects and other housing initiatives. Also, the City of Jersey City provides funding to the Housing Authority for the operation of youth centers at multiple housing developments.

Actions taken to provide assistance to troubled PHAs

The City has not taken any action to provide assistance to the JCHA. In 2014 the JCHA was identified as a "Troubled Agency" by HUD.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The City has undertaken a number of steps to remove barriers to affordable housing:

- The City waives most permit fees for affordable housing development;
- The City has established an Affordable Housing Trust Fund to support the development of affordable housing;
- The City will take the lead in implementing the provisions of the Abandoned Property Rehabilitation Act;
- The City will collaborate with affordable housing stakeholders to overcome misconceptions about affordable housing;
- The City will work with developers to identify other private, state, and federal funds to subsidize the development of affordable housing;
- The City will continue to participate in the Homeless Continuum of Care process to address housing needs for homeless and special needs populations;
- The City will give preference to developers creating housing units for people below 30% of AMI;
- The City has increased the subsidy amount for first-time homebuyers to expand their purchase options in the City;
- The City will develop a lender's consortium to provide market-rate conventional loans to first-time homebuyers; and
- The City will convey property, where feasible, for the development of affordable housing.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City of Jersey City is committed to allocating funds that serve the needs of the lowest income and most disadvantaged residents. Households with incomes less than 50% of the area median income, especially those with extremely low incomes (less than 30% of area median income), are particular priorities. The City has also identified special needs individuals as among those who face the greatest challenges and who should receive high priority in the expenditure of federal funds, including at-risk children and youth, low income families, the homeless and persons threatened with homelessness, the elderly, and persons with disabilities.

The primary obstacle to meeting underserved needs is the limited resources available to address identified priorities. Jersey City partners with other public agencies and non-profit organizations, when feasible, to leverage resources and maximize outcomes involving housing and community development activities. In addition, several other obstacles to meeting underserved needs include:

- Increased need for affordable housing and supportive services resulting from economic downturn – while budgets for projects are generally stretched in good economic conditions, the recent economic downturn has exacerbated these issues and concerns.
- Increased foreclosures & unemployment – in addition to the community implications of the recent economic downturn are effects on a more individual basis, such as a high foreclosure rate, the associated problem of poor credit, and rising unemployment.

The following Strategic Plan goals address these obstacles:

- Preservation of affordable housing including development, housing rehabilitation assistance, historic preservation, and down payment/closing cost assistance.
 - FY 2015 Actions: The City allocated CDBG and HOME funds to housing rehabilitation and new affordable housing construction. Its Home Owner Rehabilitation Program (HORP) has a historic preservation component and received FY 2015 CDBG funds. The City lacked capacity to enact the program, but it will begin in 2016.
- Preservation of short- and long-term homeless facilities and services.
 - FY 2015 Actions: The City allocated CDBG and ESG funding for homeless services and ESG funding for homeless facilities, including improvements to the Let's Celebrate Soup Kitchen, HOPWA funds were used to preserve facilities and services for homeless/at-risk individuals individuals with HIV/AIDS – Cornerstone Outreach, Hudson CASA Emergency Housing, Franciska Residence (permanent housing), Housing Plus TBRA and STRMU, Canan House (permanent housing), and Corpus Christi Ministry Housing (supportive housing).
- Improve and increase the following facilities: youth centers; educational facilities; facilities for abused, abandoned, and neglected children; emergency homeless shelters; and parks and recreation facilities.
 - FY 2015 Actions: The City allocated CDBG funding for improvements to Berry Lane Park, the Team Walker facility (youth program), the Philippine Community Center, and the York Street Project HVAC system (women and children). The following emergency homeless shelters were assisted with ESG funds – Hope House, St. Lucy's, GSECDC Hudson CASA, PERC Overflow shelter.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

Currently, the Division of Community Development, in conjunction with the State and the Environmental Protection agency (EPA), requires that all contractors employed on HUD funded projects are certified according to the new Renovation, Repair and Painting Final Rule (40 CFR 745).

Housing and Urban Development (HUD) regulations require DCD to address any potential Lead Based Paint Hazards (LBPH) in homes assisted with federal funds. The Division of Community Development (DCD) has a State licensed lead inspector on staff. He is required to perform a full risk assessment and a final clearance of any properties built prior to 1978 that receive a HORP grant. DCD has determined that the majority of HORP assisted properties were

constructed before 1978. Also, risk assessments are required for all housing projects that are rehabilitated with federal funds.

HUD lead information pamphlets are given to all homeowners who receive HORP funding.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The City of Jersey City focuses on building stronger relationships with multiple organizations in an effort to address poverty in the community. Specific initiatives are as follows:

Job Creation

The City of Jersey City created employment opportunities for residents by supporting projects that create jobs for low-income residents. CDBG funds have been used to provide job training to assist residents with job skills and to create their own businesses. Support was provided to Rising Tide to provide loans to new and expanding business to create jobs for low- to moderate-income residents. The City has developed the Employment Registry within the Jersey City Employment and Training Program. This registry is used to connect jobs with employers and service employment needs. The Jersey City Employment and Training Program is part of the one-stop center.

Social Service Initiative

The City of Jersey City provided funding to a wide array of agencies that provided services for Jersey City residents. Services range from educational support services designed to increase the likelihood of future success for youth to job readiness and employment training services to assist unemployed and underemployed residents to transition into the workforce. As part of the overall anti-poverty strategy, the City has focused on financial literacy education for low/moderate income individuals. To this end, the City has been working collaboratively with local non-profits and lenders to deliver quality programs to enhance residents financial literacy.

Housing

The City of Jersey City continues to encourage homeownership for low/moderate income persons. Although no new funds were earmarked for the Golden Neighborhoods Homeownership Program (GNHP), the City hopes to return to this program in the near future. Several HOME funded projects provided homeownership opportunities to low- and moderate-income residents.

The City collaborated with other agencies and non-profits to help address foreclosures in Jersey City. These groups provided foreclosure intervention workshops/seminars, homeownership counseling, financial literacy workshops, and mediation as appropriate.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

Coordinating and building collaborations is the key to overcoming gaps in our institutional structure. During the past year, the City has continued to build collaborations with social service providers, community development organizations, autonomous agencies and other units of government. The City of Jersey City and Hudson County work together with the non-profit

community to develop a comprehensive plan for serving homeless and special needs persons. Staff members from the Jersey City Division of Community Development serve on various boards, councils and coalitions. This provided the opportunity for a valuable exchange of information that helps to build stronger programs.

The Division of Community Development is an active participant in the following local committees/coalitions:

- Housing and Community Development Network of New Jersey (HCDNNJ) – The Division of Community Development works collaboratively with this group to facilitate the City’s abandoned properties initiative. In addition, HCDNNJ provides assistance and networking opportunities focused on affordable housing.
- Hudson County HIV/AIDS Planning Council – This council consist of HIV/AIDS funders, providers and consumers.
- Quality of Life Task Force – Consist of various City departments and divisions that come together to address code violations and possible eminent hazard conditions.
- Food and Shelter Coalition – Consist of providers of housing and supportive services that target homeless individuals and families.
- Comprehensive Emergency Assistance System (CEAS) – Consist of local, county and state department representatives. This committee meets to discuss and address issues of homelessness.
- Housing and Community Development Revitalization Committee (HCDRC) – Consist of City officials, for profit and non-profit housing developers, lenders and a consultant. The group meets to discuss affordable housing development and other topics relevant to community development.
- Hudson County Alliance to End Homelessness (HCAEH) – Consist of providers of housing and supportive services for homeless individuals and families, City and County representatives, and state department representatives and a representative of a statewide advocacy group for the homeless. This group comes together to plan and prepare competitive grant applications to address homeless issues.
- Jersey City Housing Authority (JCHA) - The City is collaborating with the JCHA to provide homeownership opportunities to eligible housing authority tenants and/or Section 8 voucher recipients.

The Jersey City Division of Community Development also works collaboratively with many other organizations to improve the quality of housing and services for Jersey City residents.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Annually, the City coordinates technical assistance meetings that serve as an excellent opportunity to foster coordination among funded agencies including housing developers and social services. Further, the City has provided funding support for several assisted housing developments for homeless persons and veterans. These programs bring together service provides and developers to serve a common mission.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The 2010 Analysis of Impediments to Fair Housing identified thirteen (13) impediments. During FY 2015, the City undertook actions to address many of these including::

- Increased meaningful access to persons with limited English Proficiency. A good many of the staff of the Department are bilingual and are readily available to present program content in Spanish. The LAP was adopted in 2013. The City continues to publish information in the Spanish newspaper and translates materials into Spanish. The city has increased its staff from two Spanish-speaking employees to five.
- Members of protected classes sit on boards and commissions in increasing numbers. The City has created an Office of Diversity and Inclusion to address diversity with City government.
- Increased supply of units that are accessible to persons with disabilities and utilization of Hudson Community Enterprises (HCE) as part of the marketing plan for all assisted units. HOME applications are more favorably reviewed when accessible units are included. When accessible rental units are available, developers must notify HCE.
- Created housing opportunities in non-impacted areas. The Mayor has created a city-wide Housing Plan that uses a holistic approach to providing affordable housing throughout Jersey City. Developers are given incentives to create on-site affordable housing units in areas that lack affordable housing.
- Continued the City's systematic code enforcement policy to improve the City's housing stock. The City continues to aggressively monitor vacant/abandoned properties through its Vacant Building Initiative and through APRA properties are being conveyed to developers to create affordable housing.
- Higher preference is given to the development of units with 3 or more bedrooms.
- Provided fair housing education and training and decrease complaints about discrimination in housing. The City partnered with Hudson county and conducted a Fair Housing Training on April 21, 2016.
- Reduced rate of denial of mortgage loans between 2011 and 2013.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

All CDBG public service providers must attend annual technical assistance workshops to become familiar with program and regulatory requirements; submit quarterly reports; and submit disbursement requests with appropriate supporting documentation for all expenses incurred. Annual risk assessments are completed for all public service activities. High-risk projects are scheduled to receive on-site visits. All public service projects are monitored regularly via on-going telephone contact with DCD staff.

The City prepared a risk analysis for the public service activities to determine which activities warrant more frequent monitoring on-site. Factors such as timeliness, program income, audits, the size of the grant award, prior monitoring findings, citizen complaints or news articles and the organizations timely response to same, timeliness of quarterly reporting and certain types of activities are factors considered in determining risk.

Public facility projects are monitored continually through on-site inspections of work in progress, labor compliance, payment requests and upon completion. The agency activities are monitored to ensure that they serve low income residents.

Housing activities are also monitored continually. Work is inspected to verify payment requests, for payroll compliance as appropriate and by City Codes to ensure work is meeting codes. A final inspection is conducted leading to a Certificate of Occupancy by the City.

HOME program monitoring takes place prior to, during, and after construction. Recipients of HOME funds must meet with DCD staff prior to construction to review all aspects of their projects. During construction, DCD reviews and approves all disbursement requests for the payment of construction draws and change orders. DCD periodically inspects construction projects, attends construction meetings as necessary, and monitors compliance with other federal requirements. Post-construction, DCD monitors tenant selection procedures and affirmative marketing. Projects are monitored to ensure that tenants/owners meet the HOME income eligibility requirements. Ongoing monitoring/ inspections ensure that units meet the housing quality standards. When HOME funds are used to provide a direct subsidy to potential homebuyers, units are monitored to ensure compliance with lead-based paint and Housing Quality Standards.

All ESG and HOPWA funded projects are monitored annually. Subgrantees must attend annual technical assistance workshops to become familiar with program and regulatory requirements; submit quarterly reports; and submit disbursement requests with appropriate supporting documentation for all expenses incurred. Subgrantees are monitored regularly via on-going telephone contact with DCD staff and HMIS data entry, and site visits are conducted at least once annually. In addition to project monitoring, an on-going review of each project is conducted by the Director to determine project readiness, use of funds, and to ascertain whether overall goals are on schedule. Amendments are proposed when projects are cancelled or delayed.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The City announced that the Consolidated Annual Performance and Evaluation Report (CAPER) was available for public comment on June 13, 2016. The Citizen Participation Plan provides for a fifteen (15) day comment period. The CAPER was available in the Office of the City Clerk, the Public Library and at the Division of Community Development. During the annual plan public hearing held on June 13, 2016, comments were invited on the past use of

funds. An announcement was made that the CAPER was on display for anyone wishing to review a copy.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The City is working to improve program operations and oversight consistent with recent OIG and HUD audit findings. Policies and procedures are being drafted to guide staff in the management of program funds. More emphasis must be placed on program compliance and documentation.

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

The City maintains a database of properties that is used to determine which properties are due for inspection each month. All the properties that were due to be inspected in FY 2015 were inspected. There was one issue found which was resolved.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

Developers must submit an Affirmative Marketing Plan with their HOME application. The steps outlined must be approved by the City to ensure that the developers will reach the targeted audience.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

The City of Jersey City leverages state and local funding to foster and maintain affordable housing. HOME funds and Affordable Housing Trust Funds, which are made available through Long Term Tax Exemption developer contributions under N.J.S.A. 40A:20-1 et seq., have been used to create and rehabilitate affordable housing. The City has a Payment in Lieu of Taxes (PILOTs) program that leverages economic activity taking place in Jersey City to create significant amounts of new affordable housing. Jersey City's Abandoned Properties and Rehabilitation Ordinance encourages entities seeking to build affordable housing the option of purchasing certain properties at a lower cost.

The City is working to get the CDBG-funded HORP rehabilitation program back on line. This program provides funds for low and moderate income homeowners to rehabilitate their homes and bring them up to codes. Lead-based paint and accessibility may also be addressed.

CR-55 - HOPWA 91.520(e)

Identify the number of individuals assisted and the types of assistance provided

Table for report on the one-year goals for the number of households provided housing through the use of HOPWA activities for: short-term rent, mortgage, and utility assistance payments to prevent homelessness of the individual or family; tenant-based rental assistance; and units provided in housing facilities developed, leased, or operated with HOPWA funds.

Table 14 – HOPWA Number of Households Served

Number of Households Served Through:	One-year Goal	Actual
Short-term rent, mortgage, and utility assistance payments	128	71
Tenant-based rental assistance	305	165
Units provided in transitional housing facilities developed, leased, or operated with HOPWA funds	51	22
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	35	41

2009	Properties acquired by JCRA: 52,54 and 56 Orient Avenue. 58 Orient Avenue remains to be acquired. A relocation consultant is working with the family regarding benefits available and locating a new property that is affordable. Water and sewer service has been capped at 52,54 and 56 Orient Ave. No development project is planned at this time due to market conditions.	
2010	52,54 and 56 Orient Ave have been demolished. 58 Orient Ave remains to be acquired, relocation of owner is pending. Phase I of the project will be developed by Brandywine with low and market rate rental and sales units proposed; construction estimated to begin in 2013. Additional funding sources to be determined.	
2011	JCRA will acquire 58 Orient Ave, expect construction to begin on townhouses by 2013.	
2012	58 Orient Ave has been demolished; part of proposed development of Jackson Green townhomes.	
2015	Homes have been built and were HOME assisted.

2014	Through April 30, 2015, the building (excluding the first floor) has been clad with a special masonry veneer to prevent water intrusion. All windows in the entire building have been replaced with energy efficient windows. A new roof has been installed and all HVAC and related equipment located on the roof has been replaced with energy efficient equipment. The lobby has been renovated. On Saturday, May 16, 2015, all apartment units on floors 6 -14 will be totally renovated including new bathrooms and kitchens (if not previously updated). Any accessible units located on these floors which have been brought to current accessible standards; corridors on these floors have been renovated with new wall coverings, lighting, and flooring. Remaining work on the building is 18%. Floor 5 will begin on 5/18/15; renovation/upgrading of 2 passengers elevators; completion of renovation of community, craft room, and resident lounge on first floor are to be completed.	
2015	In November 2015, a monitoring site visit was conducted to see the progress of the program. The project is over 90% complete with the exception of the replacement of two (2) elevators. The contractor stated that it will take approximately six (6) weeks or longer to install each elevator. DCD will continue to hold 10% of the allocation (\$150,000) as retainage until the project has been completed and requested documents forwarded.

2014	Two (2) sets of automatic swing doors and frames; one (1) exterior and one (1) interior located at the front entrance of the Concordia Learning Center school facility were removed and replaced by two (2) sets of automatic sliding doors during this reporting period. The new sliding doors are functional and operational and have ensured the safety of blind/multiply disabled students and clients that enter via the main entrance. Although the doors are fully operational, additional weather stripping for the exterior doors is needed. The weather stripping has been ordered and will be installed upon receipt. No additional cost is required for the weather stripping and it has not interfered with the proper operation of the doors.

Initial Funding Date: 11/18/2014

Description:
 The Career Preparation Program of Kenmare Alternative High School is designed to improve employment opportunities for very-low and low-income women who have completed the required coursework for graduation by providing them with the necessary academic, technical, and work behavior knowledge and skills needed for success in a career of their choice. Ultimately, this prepares them for the lifelong learning needed to remain marketable in today's competitive environment. Our program is composed of four interconnecting components and utilizes a wide range of training and coursework areas. Students are provided with hands-on skills in both classroom and in real life settings throughout the Jersey City business community.

Description:
 Rising Tide Capital participates in the economic development of Jersey City through the creation and retention of jobs for low-moderate-income individuals who start and grow successful businesses. These businesses result in employment opportunities for themselves, their families, and their communities. These self-created jobs can be either full-time or part-time initiatives intended to increase household income and achieve financial self-sufficiency. To achieve these goals, Rising Tide Capital provides training in business planning & management through its Community Business Academy (CRA) program and then year round consultation and advanced seminars

2014	Two (2) sets of automatic swing doors and frames; one (1) exterior and one (1) interior located at the front entrance of the Concordia Learning Center school facility were removed and replaced by two (2) sets of automatic sliding doors during this reporting period. The new sliding doors are functional and operational and have ensured the safety of blind/multiply disabled students and clients that enter via the main entrance. Although the doors are fully operational, additional weather stripping for the exterior doors is needed. The weather stripping has been ordered and will be installed upon receipt. No additional cost is required for the weather stripping and it has not interfered with the proper operation of the doors.
