RFP: E-Ticketing Services

CLARIFICATION

The City of Jersey City received a question for clarification from one of the prospective vendors as follows;

Question: Does the RFP require the vendor to supply (130) MDT computers for use in Jersey City's vehicles, in conjunction with other hardware, software, and services?

Answer: No. The vehicles have MDT's already. The vendor will be required to supply all E-Ticket hardware, software, and supplies.

Please feel free to call or e-mail me with any questions.

Sincerely yours,

Peter Folgado
Director of Purchasing, QPA, RPPO
