## **FIRE ESCAPE CERTIFICATION FORM**

Submitted to the Fire Official  
 City of Jersey City, N.J.

According to City Ordinance 14.117 All Fire escapes, exterior bridges and egress balconies shall be examined and/or tested, and certified for structural adequacy and safety every five (5) years, by a **PROFESSIONAL ENGINEER**. The **PROFESSIONAL ENGINEER** shall then submit an affidavit to the Fire Prevention Bureau attesting to the structural adequacy of the fire escape/ exterior bridge/egress balcony and or provide a report of deficiencies that must be corrected in order to certify that the fire escape is structurally sound.

As required under The New Jersey Uniform Fire Code N.J.A.C. 5:70-3, 103.4, Technical Assistance. The Fire Official is authorized to require the owner or agent to provide, without charge to the jurisdiction, a technical and opinion report.
